Summary of Facts and Submissions

I. The appellant contests the decision of the examining division dated 24 March 2006 refusing the European patent application No. 99 925 562.3.

II. The appellant filed a notice of appeal received on 1 June 2006 and paid the appeal fee on the same day.

III. No statement of grounds of appeal was filed within the four-month time limit provided for in Article 108 EPC.

IV. In a communication dated 29 December 2006 sent by registered letter with advice of delivery, the board informed the appellant that no statement of grounds of appeal had been received and that the appeal was to be expected to be rejected as inadmissible. The appellant was informed that any observations should be filed within two months.

Reasons for the Decision

As no written statement of grounds of appeal has been filed and as the notice of appeal does not contain anything that could be regarded as a statement of grounds of appeal according to Article 108 EPC, the appeal has to be rejected as inadmissible (Article 108 EPC in conjunction with Rule 65(1) EPC).
Order

For these reasons it is decided that:

The appeal is rejected as inadmissible.
