Summary of Facts and Submissions

I. The appeal is against the decision of the Opposition Division of the European Patent Office posted 2 August 2006 rejecting the opposition against the European patent No. 1 145 823.

The appellant (opponent) filed a notice of appeal on 20 September 2006 and paid the fee for appeal on the same date. No statement setting out the grounds of appeal was filed. The notice of appeal contains nothing that could be regarded as a statement within the meaning of Article 108 EPC, third sentence.

II. By a communication sent by registered letter with advice of delivery on 8 January 2007, and received by the appellant on 11 January 2007, the Registry of the Board informed the appellant that no statement of grounds had been filed and that the appeal could be expected to be rejected as inadmissible. The appellant was invited to file observations within two months. The attention of the appellant was also drawn to Rule 84a EPC and to Article 122 EPC.

III. No answer has been given to the Registry's communication.
