Summary of Facts and Submissions

I. This is an appeal against the maintenance of European patent No. 1542508 posted 20 October 2009.

A notice of appeal on behalf of the appellant opponent was filed on 18 December 2009. The appeal fee was paid on the same day. No separate statement of grounds of appeal was filed.

II. By a communication dated 25 March 2010 sent by registered letter with advice of delivery, the appellant opponent was informed that no statement of grounds of appeal had been filed and that, therefore, it was to be expected that the appeal would be rejected as inadmissible pursuant to Article 108, third sentence, EPC in conjunction with Rule 101(1) EPC. The appellant was invited to file observations within two months. A copy of the communication was sent to the respondent proprietor on the same day for information.

III. No answer has been given to the communication within the time limit. No request for re-establishment of rights was filed.

Reasons for the Decision

As no written statement setting out the grounds of appeal has been filed and as the notice of appeal does not contain anything that could be regarded as a statement of grounds of appeal according to Article 108 EPC, the appeal has to be rejected as inadmissible (Article 108 EPC in conjunction with Rule 101(1) EPC).
